hereby apply for an order under section 53(2) of the Wildlife and Countryside Act 1981  
modifying the definitive map and statement for the area by:

- adding to the particulars relating to the bridleway ER16 from Hangman's Lane (a residential street in Ringwold village) in the parish of Ringwold with Kingsdown for a distance of 450 metres in a southwesterly direction to a point at Ordnance Survey grid reference TR35254793, being 60 metres east-southeast of the junction of Ringwold Road and Hangman's Lane (a public footpath EE451), by providing that the bridleway shown on the said definitive map is extended 60 metres west-northwest from that point, straddling the parish boundary of Ripple and Langdon, to join Ringwold Road opposite the junction with Hangman's Lane, so as to conform with the said definitive statement;
- adding the following bridleway (so far as is not consequent to the above amendment), beginning on Ringwold Road in the parish of Langdon at the southwestern corner of a triangular copse on the southeastern side of the road near, but southwest of, the junction with Hangman's Lane (Ordnance Survey grid reference TR35134785). The way proceeds northeast for 140 metres along the south edge of the copse and to pass through a belt of woodland, to the meeting of the parish boundaries of Ringwold with Kingsdown, Langdon and Ripple, and the southwest termination of bridleway ER16 so far as is shown on the definitive map (TR35254793). Then turning west-northwest to pass along or inside the edge of a belt of woodland, straddling the parish boundary of Ripple and Langdon, for a distance of 60 metres to end on Ringwold Road opposite the junction with Hangman's Lane (TR35194795). The total distance is 200 metres.

The way is shown on the map contained within the document analysis at page 8.

I submit copies of the following documentary evidence in support of this application, which are contained within the document analysis at the reference and page numbers given below:
